Bolingbrook, IL Headquarters

# WHEN QUALITY MATTERS

## We are the Industry Leader in Diesel Remanufacturing

**Seidel Diesel Group** was founded in 1981 by Geret Seidel. Currently headquartered in our state-of-the-art facility in Bolingbrook, IL. Today, the Seidel Diesel Group has over 150 dedicated employees and multiple locations nationwide. Our commitment is to provide our customers with superior quality, service, workmanship and technical support after the sale.

Midwest Fuel Injection in Bolingbrook, IL was among the first businesses in the country to successfully implement the rigorous standards of the latest versions of ISO 9001:2015 and ISO 14001:2015 certification.

We are a proud member of MERA which promotes the economic, environmental, and product performance benefits of remanufacturing and similar forms of sustainable manufacturing.

Our products are like-new, or of better, quality and performance compared to newly manufactured goods. Visit [ManufacturedAgain.com](http://ManufacturedAgain.com) for more information.

We are a proud member of the Association of Diesel Specialists. ADS is the worldwide diesel industry's leading trade association, dedicated to the highest level of service on diesel fuel injection and related systems.

As a Bosch Authorized Diesel Service Dealer, we make a commitment to our customers to provide only the highest quality service available.

GET THE  
MARK!

Quality *plus*  
Sustainability™

What is  
Manufactured  
Again?

A **QUALITY CERTIFICATION PROGRAM** that meet ISO 9001 or IATF 16949, two internationally-recognized quality standards.

**Manufactured Again™**  
*A quality certification  
for the remanufacturing process.*

WHY MANUFACTURED AGAIN?

TRUST

Trust that your high-quality part comes from a certified facility.

SHOW

Show your commitment to sustainability and the environment.

Remanufactured goods are like new, but better.

QUALITY

**LIKE-NEW Quality**  
Condition and performance equivalent to the original part.

VALUE

**BETTER Value**  
Save money and get a fully warranted part with OE fit and function.

GREEN

**BETTER for the Environment**  
Reuses materials, conserves energy, and reduces landfill waste
